Midlothian Community Hospital X-ray Department: Update to opening hours

Dear Colleagues,

Please be aware that **Midlothian Community Hospital X-ray Department will be closed on Tuesdays and Thursdays for six weeks, starting on Tuesday April the 9th** due to staff shortages.

Patients will still be able to call any day (Monday to Friday) but they will only be offered an appointment for Monday, Wednesday or Friday for the next six weeks.

Radiology reception staff will let patients know this when they call up to arrange an appointment, but you may also wish to take this into account when discussing an x-ray referral to Midlothian Community Hospital with your patients.

Many thanks,

Emma Sanders
Specialist Radiographer

Dr Stephen Glancy
Consultant Radiologist
