

Ref Talks

2024

Spring Series

Breast Disease

Overview

A review of common breast symptoms and advice on referral and management. The webinar will include updates on recent national guidance and likely changes to referral guidance.

Dr Matthew Barber

Consultant Breast Surgeon
NHS Lothian

Matthew Barber is a consultant breast surgeon in NHS Lothian working between the Western General Hospital and St John's Hospital. He trained in Glasgow, Edinburgh and Manchester and is the chair of the South East Scotland Cancer Network and the clinical lead for symptomatic breast disease for the Modernising Patient Pathways Programme for NHS Scotland.
