## Winter Series 2026

### Scottish Referral Guidelines (SRGs) for Suspected Cancer An Essential Lothian Update

The Scottish Referral Guidelines (SRGs) for Suspected Cancer published in August 2025 are due to be fully implemented by February 2026. This webinar is dedicated to raise awareness of the new guidelines. The session will cover a brief background, Lothian's implementation plan, summary of key changes for specialties, highlight local referral pathway changes and developments.
