Cardiology RefHelp

Dr Colin Stirrat

Consultant Cardiologist
NHS Lothian

Colin Stirrat has been a consultant in NHS Lothian since 2019. His specialist area is treating patients with cardiac rhythm disturbances who have symptoms such as palpitations and blackouts. He performs catheter ablation procedures including atrial fibrillation ablations, and implanting cardiac pacemakers and complex devices such as CRT and ICDs.

ABOUT

This webinar will cover major cardiovascular presentations, symptoms and conditions:

- Chest pain / suspected angina
- Arrhythmias (e.g. AF, palpitations)
- Heart failure
- Syncope / collapse

24 June 2026

7:30-8:30 pm
