

# L&R Ready Wrap: 5 Step Ordering Process for Patient Home Delivery Service

1. Measure the patient & record the measurements on the L&R Ready Wrap form : 'Measuring the Lower Limb'
2. Select the size, length, colour and number required for each garment(s)
3. List the garments and their unique ID code in the garment summary box at the bottom of the form (page 2)
4. Complete a prescription (Ready Wrap is under Lymphoedema Garments in the DT)
5. Put the completed measuring form & the prescription together in the special 'Daylong' pre-paid & pre-addressed white envelope

## ***Useful Information***

All Patient Record/Measuring Forms are available to download from our website :
