

Remote support - MEDI UK

At medi UK we pride ourselves on customer service and are dedicated to continuing to support you and your patients during this challenging time.

To ensure we can do so, we would like to make you aware of our remote telehealth service.

At medi UK we can offer GDPR compliant NHS digital approved clinician to clinician remote support to any patient setting in the UK*.

We can support you over the phone or with a video call and can help you with:

- Off-the-shelf hosiery
- Made-to-measure compression garments
- The juxta range of self-care compression wraps
- UCS debridement cloth

Complex compression requirements? We have probably seen something similar before!

Your medi clinical team is here to help.
